LIGURIA TOGETHER

Together to promote tourism in Liguria

Liguria Together was founded by a group of Ligurian tourism professionals with the aim of promoting our beautiful region. It is a growing association because we believe that joining forces is an act of trust in ourselves and others. Believing in our business and helping it to grow is part of our personal fulfilment. Networking, building relationships, developing our skills and sharing our experiences is an even more ambitious project that completes us. **At Liguria Together, we like to look ahead.**

**Our focus is on hospitality, tradition and innovation.
We offer unique experiences that reveal the soul of Liguria.**

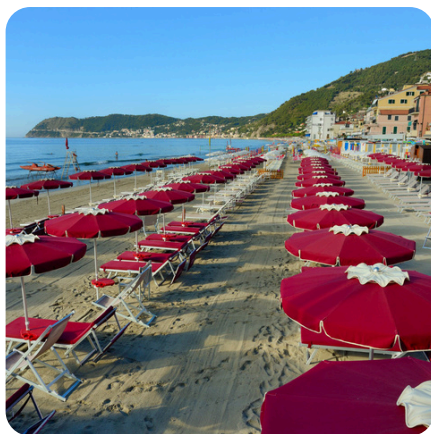

Our association stands out for its collaboration with local entrepreneurs, including **restaurants, accommodation providers, boat rental companies, tour operators, public administrations** and other **tourism companies**.
